HERITAGE INTERNATIONAL PUBLIC SCHOOL

Give your child a flying start!
From the Chairperson’s Desk

Dear Parents,

We live in the most interesting decade of modern times. Ours is a society full of cultural diversity, witnessing the introduction of so many new technologies that modern education is faced with a daunting task. Educationists, especially those involved in primary and secondary education along with the parents are entrusted with the task of introducing to the young ones, not just a good understanding of life in the immediate community but also an enlightened awareness of the globe. Both local knowledge as well as global understanding are important. This has to be done without stressing the young pupil, giving them enough freedom, space and time to explore things individually and with passion!

Heritage provides an environment for its students, to look forward to developing enthusiasm, perseverance and compatibility within one’s peer group. It strives to nurture the students’ natural creative ability, curiosity and inherent talents.

All these offer immense opportunities for the child, to learn and grow as responsible, intelligent and culturally aware young global citizens, that future generations would be proud to benefit from. This is the goal of our institution. Heritage and I invite you to join us in achieving this goal. Wishing you all, the best!

Warm Regards,

Satyawati Tiwari

Heritage International Public School, Durg Chhattisgarh ranks amongst the few best CBSE Schools in the region. It is headquartered in Kolkata, West Bengal. Situated near Raipur, in the education city of Chhattisgarh, Bhilai, the Chairman and members of the Governing Body have very rightly given emphasis to establish public school to impart holistic education to the new generation, keeping in tune with the ancient Indian culture, heritage traditions and blending them with modern educational techniques. School follows N.E.P 2020 as a significant tool for equitable quality education.

**Vision**
Nurturing minds for a global perspective!

**Mission**
To instill in our students the ability and conviction to realise one's potential and to excel in all spheres of life.
Why Choose Heritage?

- Talented, experienced and dedicated teachers with linguistic and cultural diversity.
- Well-furnished classrooms with smart board and internet facility.
- Holistic learning with innovative pedagogy.
  - Nurturing students to meet global challenges.
  - Students exchange programs with other countries.
  - A structured program as per the recommendation of the NEP 2020.
- Individualized attention to each child to cater to their diverse learning needs.
- Ideal teacher-student ratio.
- Outstanding academic results, sports and co-curricular achievements.
- A safe and secure learning environment, with a focus on student well-being.
- Celebrates a culture of excellence in academics and the all-rounded.
- CCTV-enabled school buses and classrooms.
- Guidance and career counseling.
- Huge playground with all outdoor/ indoor sports facilities.
- Parent Connect programs are organized regularly to enable parents to support children in their learning journey.
- Life skill clubs like Cultural Heritage, Eco club, Ramanujan Club, Vigyan Shakti club, etc.
- Effective sports calendar for physical dexterity.
We at The Heritage International Public School believe in nurturing the idea of school being the ‘Second Home’ to our young students. A child ends up spending maximum time at school and thus, it is essential to provide them with a spacious and comfortable environment. We aim to give an enriching learning experience to our children with our world-class infrastructure. Our Science lab, Math lab, and Computer Lab are well-equipped with modern infrastructure which enables every child to improve academic performance and learn through hands-on experience.

Internationalism

British Council
The International Dimension in School Award 2016–2019 (ISA) is a British Council Programme fostering the exchange of ideas and knowledge between schools at an International Level. Heritage International Public School is conferred with this Prestigious Award.

Ted-Ed Talks
Heritage International Public School proudly collaborates with TED-Ed Student Talk to bring to the forefront an interesting platform for its students to identify, develop and share effectively their ideas. In the form of short, TED- style talks. TED is a global community, began in 1984 as a conference where Technology, Entertainment and Design converged, and today covers almost all topics— from Science to Business to Global Issues in more than 100 languages.
The School is of the firm belief that in the ever-changing future, the only way to prepare the students for global citizenship is to build on their 21st-century skill sets along with academics and extracurricular.

Collaboration with City University New York, The United States of America, helps to create learning opportunities for the students of Heritage that inspire the students to instill a sense of confidence and work towards refining their skill sets.

The School’s Collaboration dates back to 2020. During COVID, when most of the schools were struggling to find ways to cater to their day-to-day educational needs, Heritage was collaborating with Research Scholars from Antarctica connect with live underwater deep sea divers from the GREAT BARRIER REEF AUSTRALIA, presenting papers amongst 100s of educational institutions across the world. And for all this, the School is extremely grateful to their mentors for making it happen.

We take this opportunity to extend our heartiest thanks to Dr. Neal Phillips and Prof Paramita Sen for blessing the school with their august presence and inspiring the students in the month of November

2023 CITY UNIVERSITY NEW YORK (CUNY) is the largest public university in The United States of America with approximately 300,000 students on nearly twenty-five campuses. CUNY instituted a Climate Crisis Grant Proposal Program to develop innovative solutions to climate change in NYC and across the world. Under this program, the team from CUNY is working closely with GOVT of INDIA to study the patterns of climate change scientifically. The program has led to collaborations in Australia, Spain and India. IIT GOA, IIT MUMBAI, ECO VILLAGE in the Western Ghats, Ahmedabad University, Pdt. Deen Dayal University, DY. Patil Mumbai, Pdt. Ravi Shankar Shukla University are amongst the few, the University has collaborated with. Dr. Phillip wishes to include Heritage International Public School in this research program very soon.
Learning Technology

Students are unprecedented technological literates, eager to embrace multiple technological platforms in the classroom.

Our School provides

Personalised learning:
1. With customized learning modules of augmented realities, videos, online sessions etc.
2. Interactive classes with ICT

Digital Classes:
1. Access the learning matter virtually anytime.
2. Incorporating technological tools to foster learning through complex thinking.

Multiple Intelligence Platforms:
Technology enables multiple intelligence in learners like verbal – intelligence, verbal – logical, musical, visual spatial, interpersonal intelligence etc.
Collaboration with other countries. Students meet children of various countries through virtual mode of exchange knowledge.
The counseling cell under a qualified and experienced Counselor aims at strengthening the child’s coping abilities to counter environmental stress, complex situations and adolescence. The student can also walk up to the counselor for a heart-to-heart talk and this has proved very helpful for the students.

**Personalised counselling**

The counselor available on all school days help student from all school days helps students from all classes when referred to by teachers or parents.

**Career Counselling**

The impact of globalisation has thrown up many options for living. At Heritage, we feel such challenges can be faced well only when does discovery of one’s resources is effectively facilitated. The counseling cell conducts career counseling sessions with the help of experts from respected fields, for the benefit of the students. This is a very specialized activity, particularly relevant for adolescent students to help them acquire a quality of fitness. These classes are aimed at grooming young girls and boys for manners and etiquette, with stress on value-based development. We prepare global citizens.
Activities and Celebration
Transport Facility

The school has a transport facility for the convenience of the students. Connecting all major locations in Durg city and nearby areas. Trained drivers and lady assistants are provided to ensure the security of children.

Busses have:
- GPS to track their locations.
- Speed control devices.
- First aid box for emergency.
- Comfortable seating.
- All required papers.
The purpose of education is the necessity to awaken the man that lies asleep within the soul of a child.

– Maria Montessori
